Xerox 6279™
Wide Format Printer
Big-time productivity
and flexibility.

Employ the printer that works as hard as you do.

Introducing the Xerox 6279™ Wide Format Printer. The easy-to-operate, flexible, and amazingly efficient way to improve the productivity of your demanding CAD environment. Whether you're producing architectural plans, engineering renderings, schematics, or other wide format applications, the 6279 gives you the image quality you need and the speed you demand.

The speed to get more done. From the moment you turn it on, the 6279—and its new, intuitive color user interface—is all about efficiency. With its ability to print 7 or 9 D/A1-size prints per minute and scan up to 8 ips while printing, you can meet even the most demanding deadlines. Plus, it holds up to 4 rolls of bond paper, tracing paper or film for uninterrupted printing and unmatched media flexibility.

The 6279 is upgradeable from 7 to 9 D/A1 prints- per-minute and is available in 2-Roll, 4-Roll, or 2-Roll/2-Tray media configurations.

Sharp images.

Your important prints, scans and copies deserve nothing less than superior image quality. That's why the 6279™ offers crisp 600 x 600 dpi printing and 600 x 600 dpi scanning capability. So even your most complex monochrome prints—including engineering and architectural renderings and schematics—can have sharp, precise detail print after print. And with the optional On-Board Scanner or Wide Format Scan System, copies of worn originals are improved with automatic background suppression.

Enhanced flexibility.

With a wide range of configuration options— including Printer-only and Copier/Printer with monochrome scanning that is upgradeable to color—and its integrated Xerox FreeFlow® Accxes® Print Server, the 6279 is designed to fit seamlessly into any workflow. To protect your investment, the software and equipment are field-upgradeable, so your system can grow with your business. By adding the optional scan-to-net key, you can add additional versatility, such as scanning multi-page PDFs and multi-page TIFFs, and enable remote color workflows with TotalAccxess. Its complete set of drivers ensures you can print graphics, business and engineering applications and support a wide range of file formats, including PostScript®, PDF, DWF, BMP, JPEG, PNG, GIF and DGN. The optional Wide Format Stacker enables longer production runs, minimizing operator intervention. The integrated development of the 6279 and the Wide Format Stacker enables intelligent two-way communication which equates to maximum reliability and productivity.

Outstanding reliability.

You need a printer that works every time you need it. And the 6279 is designed to do just that. Built on proven Xerox technology and more than 50 years of product innovation, you can count on it to provide uncompromised durability and reliability day in and day out. Plus, it's backed by our award-winning, 24/7 service and support— giving you increased peace of mind.

The total support you need.

Xerox supports your entire solution, from printer to media and consumables. A worldwide network of service professionals is always ready to help you make the most of your Xerox solution, and help you grow your business.

Our guarantee is one of the best in the industry. The Xerox Total Satisfaction Guarantee applies to equipment under a Xerox warranty or Xerox service agreement and is subject to certain restrictions.

### Designed for demanding wide format applications like these:

- Architectural or construction plans
- Architectural or engineering renderings
- Schematics
- Electrical diagrams (e.g., wiring)
- Mechanical 2D
- Solids modeling
- Mechanical 3D
- Scientific/Medical
- Seismic
- GIS/Mapping

User interface is intuitive, easy-to-use and interactive, enabling a fast learning curve.

Integrated Xerox FreeFlow Accxes Print Server.

Xerox FreeFlow Accxes print driver interface is designed for production-level performance.

Choice of standard 2-Roll and optional 4-Roll or 2-Roll/2-Tray configurations allows for uninterrupted printing and greater media flexibility.

Optional color-capable scanners—either On-Board Scanner or Xerox Wide Format Scan System—enable color workflows.

Scan-to-mailbox, FTP, or remote printer options available for added functionality.
